PARTNERSHIPS

A NEW AGREEMENT BETWEEN NILE UNIVERSITY AND TÜV NORD EGYPT

Nile University Business School signed an agreement with TÜV NORD on 16th of November, 2021.

TÜV NORD Egypt is a member of TUV NORD GROUP, a technical service provider with worldwide activities. Founded in 1869 and headquartered in Hanover, Germany, the Group employs more than 10,000 people in more than 70 countries of Europe, Asia, America, and Africa.

According to this agreement, both parties will collaborate in the areas of Vocational and Management Training, Digitalization, and Information Security Services.

Dr. Hassan Y. Aly, Dean of the School of Business, emphasized that "this agreement will open an opportunity for Nile University to conduct training and consultation at the highest international standards and to build capacities in areas that have not ventured in before. This agreement will enable Nile University to serve the industry and achieve the highest gross domestic product growth for the country".

COOPERATION BETWEEN NILEPRENEURS AND FEPS BUSINESS INCUBATOR

It is always a pleasure to see two entities with a similar mission coming together to support the entrepreneurship ecosystem. This time, the cooperation took place between NilePreneurs and FEPS Business Incubator.

Utilizing NilePreneurs' Innovation and Design Technologies, we got together with FEPS incubated startups to discuss their technical needs and offer the manufacturing capabilities that can meet them.

Excited to witness what we can achieve with such collaboration!

EVENTS

SCHOOL OF BUSINESS JTA CEREMONY

Nile University Business School proudly gave recognition to their Spring 21' Junior Teaching Assistants and had the chance to welcome their Fall 21' Junior Teaching Assistants in a ceremony under the supervision of Dr. Hassan Y. Aly, Dean of Business School and Dr. Mohamed Abed, BBA Program Director. NUBS is always proud of its students and their continuous dedication and service.

BIOFUEL AND RENEWABLE ENERGY WORKSHOP

Our Engineering and Biotechnology students had a terrific opportunity when their seminar research papers' topics were discussed at the Biofuel workshop. Notable science experts at the workshop discussed the use of biomass for renewable energy production to raise awareness for the cutting edge of research activities and consider needs and solutions for these themes. The scientific program of the workshop consisted of several lectures from distinguished speakers who provided a variety of technologies and processes to support domestic production of biofuels, bio-based chemicals, and biopower.
